

THE NEW YIXUE LOTUS CENTER

Invitation for assistance

October 2018

At 11:00 am on October 4th, 2018, Grandmaster Wei Ling Yi signed the purchase contract for the new International YiXue Lotus Center in Beelitz.

Dear YiXue friends and those interested, there is new information about the YIXUE Lotus Center in Beelitz near Berlin. In the following letter and attached appendix you will find new facts about

- the current financial plan
- new ways for financial support
- the current possibilities of ideal and practical support on-site at Beelitz itself

*Great JOY and HAPPINESS for all living beings!
Heaven has given us the true, great
International YIXUE LOTUS CENTER!*

*A special THANKS and a GREAT LOTUS to all those
who make the purchase possible through their donations
and promised foundation endowments*

Not far from Berlin in pure, clear air and refreshing silence - we are now building up a unique, health supporting and life enhancing energy field on more than 840,000 square meters (84 hectares), which will benefit all living beings and future generations.

The International YiXue Lotus Center, acquired by the Wei Ling Yi Lian Guang (*Lotus Light*) Foundation, allows Grand Master Wei Ling Yi to connect and permanently re-harmonize the information of the cosmos and earth. As a globally effective educational and research center, it has an enormous pioneering function for the holistic understanding of man in connection with one's soul and the universal energy of life, the YiQi, and for the vision of UNITY of heaven, earth and man.

By building this Center together, we raise YiXue to an international level and we are able to selflessly help and support people. We will establish special training institutes (including housing) for people of all ages, expand teaching and research, and offer a variety of new YiXue workshops, activities and courses.

By supporting the mission and tasks of Wei Ling Yi, we cultivate ourselves to a higher energetic level, experience the Great DAO and deep happiness. Every human being is invited to participate with HEART, HAND or MONEY in this magnificent work, which will by far exceed our personal possibilities.

1. PURCHASING FINANCIAL PLAN

Although the purchase price could be reduced by negotiation from € 3,150,000 to € 2,500,000. Nevertheless, there is currently a small gap of € 30,000, which we must close by December 2018, to transfer the full purchase price. Therefore, we ask you for more generous commitments.

THE FINANCING IS CURRENTLY AS FOLLOWS

Purchase Price	2.500.000 €
Additional costs (estate agent, notary, land transfer tax, etc.) total 12%	300.000 €
Total cost of acquisition (to be transferred by December 2018)	2.800.000 €
Bank balance - Lotus Light Foundation	300.000 €
Donation commitments, endowments (as of 13.10.2018)	rd. 490.000 €
Approved small loans (lending / donation association)	rd. 60.000 €
Total equity	850.000 €
Loan commitment from the GLS Bank (replies from other banks are pending)	1.900.000 €
Amount still required for the purchase price payment December 2018 (from donations, endowments or loans (lending / donation association))	50.000 €

2. TRANSFER OF THE FINANCIAL CONTRIBUTIONS FOR THE LOTUS CENTER

Dear Lotus friends, please transfer your promised donations and endowments (and if possible higher amounts) **by 20.11.2018** in the account below, stating the following payment purposes:

- **'Donation acquisition Lotuszentrum Beelitz' (up to € 999) or**
- **'Endowment' (from € 1.000 and higher)**

BANKING Details: Name: Wei Ling Yi Lian Guang (Lotus Light) Foundation
Stadtparkasse München **IBAN:** DE63 7015 0000 0000 3298 05 **BIC (Swift):** SSKMDEMM

NEW TRANSFERS: New (*not yet confirmed*) or higher transfers may be done informally, i.e. can be emailed to Georg Kerschl, Wei Ling Yi Lotus Light Foundation, without using the official answer sheet from the fundraising request. **Mail address:** weilingyi-lotuslicht-stiftung@yixue.de

3. NEW POSSIBILITY OF FINANCIAL SUPPORT:

Small loans from GLS Bank under the scheme "lending and donation associations".

In addition to donations and endowments, it is also possible to participate with very small financial contributions (*monthly installments between € 9 and € 50*), in a long term financing for acquisition and renovation of the Lotus Center and thereby 'energetically participate'. For this purpose, the GLS-Bank offers us very favorable loans in the form of "lending and donating associations" (*for example € 3000 loans with installments of € 50 / month*). In the appendix you will find both the financing plan for the refurbishment of the center, as well as detailed explanations of the various individual small loans offered by GLS Bank.

If many Lotus friends use this opportunity as a supportive solidarity, not only can the low shortfall in the purchase price payment (see above) be covered, but also the missing funds for restoration can be covered since the bank issued a lower loan than originally planned because it realised that the property's market value was lower than it had originally assumed.
