

# YIXUE PROGRAM OF EVENTS 2023

as of 01.11.2023

## THE YIXUE SEMINAR STRUCTURE 2023

### **The YiXue Basic seminars**

The foundation of the YiXue practice is the energy work, the work with the Qi. First the energy has to be activated and collected in the body in order to build up interior power, discharge old information, diseases and blockages, and to support the free flow of energy in the body. We thus first heal our body and raise our energy level step by step in order to stabilise the emotional heart force and to grow into higher planes of consciousness.

The YiXue offers a wide variety of seminars for everyone who is interested, beginners and advanced practitioners, to get to know the methods and philosophy of the YiXue teaching. The events are online or in person.

**The Lotusfestival** - is the highest spiritual festivity in the YiXue and is directed towards participants that have already gotten to know the foundation of the YiXue teaching. Further requirement is participation at a seminar or an online event with grandmaster Wei Ling Yi.

### **CULTIVATION SEMINAR LEVEL I for advanced practitioners**

In order to participate in a level I cultivation seminar it is important to have stabilised one's own energy level and to have gathered experience with intense qi fields. For participation in the following seminars, several basic seminars are thus required. Furthermore the following conditions apply:
