

YIXUE PROGRAM OF EVENTS 2025

as of 31.01.2025

THE YIXUE SEMINAR STRUCTURE 2025

The YiXue Basic seminars

The foundation of the YiXue practice is the energy work, the work with the Qi. First the energy has to be activated and collected in the body in order to build up interior power, discharge old information, diseases and blockages, and to support the free flow of energy in the body. We thus first heal our body and raise our energy level step by step in order to stabilise the emotional heart force and to grow into higher planes of consciousness.

The YiXue offers a wide variety of seminars for everyone who is interested, beginners and advanced practitioners, to get to know the methods and philosophy of the YiXue teaching. The events are online or in person.

REGISTRATION for the in-person and online lectures and seminars via our website: www.yixue.de
